Janette Sadik-Khan, Chair  
NACTO  
1100 Connecticut Ave. N.W.  
Suite 1300  
Washington, D.C. 20036

Janette,

The NACTO *Global Street Design Guide* provides extraordinary guidance for building and configuring city streets for all users within urban environments. The City of Charlotte's Department of Transportation is delighted to offer its endorsement of the document as a "best practice" for retrofitting and designing city streets.

Sincerely,

Danny Pleasant, AICP  
Director  
Charlotte Department of Transportation
